

Comprehensive Class Action Administration Services

With 20+ years of experience, Verus has successfully administered over 45 trusts, filed 8.7M claims, and disbursed \$8B in funds. Renowned for reliable, claimant-focused solutions, we prioritize efficiency and accuracy in every case. Our partnership-based approach integrates technology, refined processes, and deep expertise to deliver seamless, compliant settlement administration. From notifications to disbursements, our team ensures precision, transparency, and an enhanced claimant experience, making Verus a leader in class action settlement administration.

■ Pre-Settlement Consulting

- Develop tailored allocation methodologies and cost-effective roadmaps.
- Compile and audit class lists for accuracy and completeness.
- Simplify investigations and discovery with expert document analysis.
- Enhance court presentations with custom media packages.

■ Class Notification Programs

- Data-driven, multi-channel outreach (print, radio, TV, social media, direct mail, call centers).
- Tailored campaigns for maximum engagement and accuracy.
- Clear claimant communications for updates, deficiencies, and process transparency.

■ Claim Form & Website Design

- User-friendly, secure online platforms with multilingual support.
- Automated data validation and responsive design.
- Tools for submitting claims, reviewing documents, and tracking progress.

■ Call Center Services

- 24/7 multilingual support for claimant inquiries.
- Dedicated toll-free numbers staffed by highly trained professionals.

■ Claims Processing & Data Management

- Proprietary database (VeruSci) ensures precise data capture and reporting.
- Secure online claims processing reduces costs and accommodates settlements of any size.
- Custom reporting for informed decision-making and status updates.

■ Benefit Distribution

- Flexible digital and traditional payment methods, including vouchers, gift cards, and checks.
- Scalable solutions with fast, accurate reporting and reconciliation.

■ Tax Reporting & Fund Management

- Comprehensive QSF management, tax filings, and reporting.
- Issuance of W-2s, 1099s, and calculation of payroll withholdings for employment-related settlements.

■ Fraud Prevention

- Expertise in detecting duplicate and suspicious claims using behavioral and economic analysis.
